

PATRIOTISM IS THEME OF DR. ABRAM SIMON

Tells Business High School Students That Every Day Should Be a Flag Day.

Every day of the year should be Flag Day, Rabbi Abram Simon told students of Business High School in an address this morning at Flag Day exercises.

"The man who tells his patriotism only every fourteenth day of June, isn't worthy of the flag," Dr. Simon said. "Patriotism should not be just a something to think of one day in the year, but it should be with us in spirit every day of the year."

"The trouble I find with boys and girls and men and women, in a great many instances, is that they get a business idea of things generally, and the first question they ask is 'What am I going to get out of it?'"

"What am I going to get out of my country? Nonsense! What am I going to put into my country? Is the question we should ask ourselves. There are too many people today living out of our country and not enough living for it."

Study Country's Needs.

"And, boys and girls, you are going to get out of the flag just what you put into it. If you don't put anything into it, you are not going to get anything out of it. The important thing for you to think of is: What am I going to put into my country, what am I going to give to its education, its uplift, its ideals, its virtues, and its patriotism?"

"If we all felt that every day is Flag Day and every day asked ourselves what we can put into the flag, what we can give to our country, if we had that concentration instilled in us, then there would be no need for a big preparedness parade. A real parade should be in every boy's heart every day of the year and every day there should appear in splendid review in every boy's mind the heroes of the past."

"And then every day we will have a spiritual preparedness in the hearts of our people from which efforts of the mightiest nations of the world to do us hurt will fall as water falls off a duck's back."

Justice Peelle Speaks.

Former Justice Stanton J. Peelle, of the Court of Claims, spoke on "The Significance of Our Flag."

"Don't ever think, my young friends," said Justice Peelle, "that your flag represents war or strife, for it doesn't. It represents peace. It represents the unity of the States and it represents liberty."

More than 600 students were gathered in the assembly hall of the school for the exercises. Capt. George P. Davis, of Burnside Post, G. A. R., presided. He was introduced by Principal Allan Davis.

George Newton, of Burnside Post, had charge of the musical program and led in the singing of "The Star-Spangled Banner."

A. F. Perham, patriotic instructor of the Department of the Potomac, G. A. R., spoke.

KANSAS CITY, Mo., June 13.—M. P. Moore, sheriff of Yates Center, Kan., does not take chances with prisoners. He dropped in at police headquarters the other morning on the way home from Colusa, Ill., leading Amos Wilkins at the end of a chain ten feet long.

"I want to leave this chap here while I see the town," said the sheriff.

"All right, but you'll have to pay for his meals," said a booking clerk.

"Let him have what he wants, I'll pay," said Sheriff Moore.

As soon as the sheriff turned his back, the prisoner ordered ham and eggs, apple pie, coffee, and other food.

BIG HEADLIGHT RULE FOR ENGINES UPHELD

Interstate Commerce Commission Insists Lamps Throw Rays Thousand Feet.

The Interstate Commerce Commission today sustained the rule requiring that all railroad locomotives be equipped with 1,000 foot headlights between sunset and sunrise.

At the several hearings held by the commission, railroad officials said it would cost at least \$5,000,000 to put this rule into effect.

The rule, which was favored by the Brotherhood of Locomotive Engineers, follows:

"Each locomotive used in road service between sunset and sunrise shall have a headlight which will enable persons with normal vision in the cab of the locomotive, under normal weather conditions, to see a dark object the size of a man at a distance of 1,000 feet or more ahead of the locomotive, and such headlights must be maintained in good order."

The rule was promulgated on October 11 last year, but the railway presidents of the country asked for and were granted several hearings. They vigorously protested.

In addition to the heavy cost, they argued that the powerful light would blind and bewilder persons crossing railroad tracks.

SHEPARD'S GETTING FLOCK OF CHILDREN

NEW YORK, June 13.—Mrs. Finley J. Shepard, formerly Miss Helen Gould, for several weeks has had two five-year-old children at her home, Lyndhurst, at Irvington, N. Y. She contemplates adopting them as comrades for Finley J. Shepard, Jr., whom she adopted about six months ago.

The fact came out when Miss Jean De Groot Thompson, who teaches a Bible class in the Somerset M. E. church at Dobbs Ferry, was invited to bring her twenty-five pupils to Lyndhurst yesterday afternoon. The children were shown over the estate and finally were led to what is known as the rose tea room, a playhouse built for Finley, Jr. Here they found that boy, who is six years old, serving tea to four guests. Two were Dorothy and Helen Gould, daughters of Frank Gould; the others were introduced as Louis and Helen.

In the course of conversation Mrs. Shepard said she was thinking of adopting them. That intention was admitted last night by Mrs. Shepard's secretary, Miss Eleanor Stebbins, 34 Adelphi street, Brooklyn, but she refused to reveal whence the children had come.

Texan Runs Down a Wolf After Race in Automobile

SEALY, Tex., June 13.—Mr. and Mrs. W. J. Newcom, with a party of friends, were driving over their ranch in an automobile when they saw a red wolf running across the pasture. Mr. Newcom was driving the car and gave chase. The wolf had a good start when discovered. But Mr. Newcom gained on him steadily.

After a run of about two miles across the prairie he came within shooting distance, and letting go of his wheel, took his shotgun from Mrs. Newcom's hand and opened fire, bringing down the animal on the third shot. It weighed forty-five pounds.

Over 100,000 packages are being used by the troops in the war zone. For acute aches, sprinkle Allen's Foot-Ease in the Foot-Bath and soak and rub the feet. Defendant, Seventy-four, Tells of Relations with Fifty-six-Year-Old Friend.

NEW YORK, June 13.—Motherly "good night" kisses for her fifty-six-year-old friend, whose remaining overnight in her apartment has brought a \$250,000 alienation suit upon her, were described in the supreme court by Mrs. Caroline Frame, seventy-four, who took the stand again today in her own defense.

Frederick W. Weaverson, whose affections his wife, Brownie, alleges were stolen, admitted that he stayed at Mrs. Frame's, at night, whenever it was convenient and that he had occupied a room at a hotel connecting with hers.
